

PROJECT GUIDELINE DOCUMENT

Dr. James R. Gordon Website

Domain: drjamesgordon.com

1. PROJECT OBJECTIVE

The website must position **Dr. James R. Gordon** as a **top-tier, nationally recognized oculofacial plastic surgeon** with deep clinical authority, refined aesthetics, and patient trust.

The experience should feel **luxury, medical-clean, and editorial**, while remaining calm, credible, and conversion-focused.

Primary goals:

- Establish authority and trust immediately.
- Highlight awards, credentials, and outcomes.
- Drive consultation bookings.
- Maintain medical professionalism at all times.

2. DESIGN DIRECTION

Overall Feel

- Luxury medical.
- Editorial and refined.
- Calm, confident, authoritative.
- No flashy or gimmicky elements.

Color Palette

- Neutral base.
- Use the hexcodes exactly used on the GD layout

Typography

- Poppins Regular
- Poppins Semibold
- AzoSans Black
- Bhineka

Headlines should feel authoritative, not marketing-heavy.

Visual Language

- High-quality clinical photography.
- Real patients only.
- No stock imagery that looks generic.

3. HERO SECTION

Reference

- Layout and animation inspired by **Dr. Kolker's website hero section**.
- Structure and motion style can be copied.
- Content must remain original to Dr. Gordon.

Hero Media

- Background video includes:

- Office environment.
- Dr. Gordon in action.
- Patient photography.

Overlay Elements

- Immediately following hero video:
 - 3 to 4 award logos displayed horizontally.

Interchanging Text Box

The text inside the hero box must rotate automatically between:

1. **Dr. James R. Gordon, MD, FACS**
Board-Certified, Multi Award-Winning Oculofacial Plastic Surgeon & Ophthalmologist
2. **Gordon Eye and Face**
(horizontal logo)
3. **trusted. compassionate. recognized**

Animation should be subtle and smooth. No aggressive transitions.

4. A LEGACY OF EXCELLENCE

Headline

A LEGACY OF EXCELLENCE

RECOGNIZED BY PEERS AND PATIENTS FOR OVER 25 YEARS

Awards Marquee

- Replace magazine covers from the reference site with **7 award logos**.
- Logos must scroll from **right to left** in a continuous marquee.
- Motion speed should be slow and readable.
- Pause on hover.

5. MEET DR. JAMES R. GORDON SECTION

Headline

Meet James R. Gordon, MD, FACS
